N Jump to next match backwards

Configuration

Configuration file: /.tmux.conf
Use vi keys in copy mode:
setw -g mode-key vi
Switch panes using ^{alt}-<arrow>:
bind -n M-left select-pane -L
bind -n M-right select-pane -R
bind -n M-Up select-pane -U
bind -n M-Down select-pane -D

Use ⌘-| and ⌘-_ to split panes:
unbind '"'
unbind '%'
bind | split-window -h
bind _ split-window -v
